What a time!!!! Best friggin' time of my life. Sooo much energy. Great show. Didn't think I was gonna meet anyone, but at set break this guy kept floating by. Finally taking me up on an offer for some sweets, I got to talking with him, he said his wife has been naggin' him to stop drinking. I shared with him my experience, strength and hope and man it felt sooo good. He later sent me an email thanking my wife and I for being a sober island in a sea of booze. What a great deal it is, combining two passions like this, recovery and music. Can't thank you enough.

The Gateway

Clean and Sober Widespread Panic Fans

What is the Gateway?

The Gateway is a group of men and women who choose to experience Widespread Panic shows without the use of drugs or alcohol. The Gateway is not affiliated with Alcoholics Anonymous, Narcotics Anonymous, the Panic or The Wharf Rats. The Gateway has absolutely no opinion on the issue of drugs and alcohol, and neither condemns nor condones it. Our simple purpose is to provide support and information to those who seek the comfort and camaraderie of other clean and sober people at shows. The only requirement for membership is a desire to stay substance-free at shows. Though The Gateway consists primarily of those recovering from addiction, we are open to anyone who wishes to remain clean and sober at shows.

A Table Experience

What seemed at first to be a night of rain and no clean and sober fans, turned into one of the most exceptional moments in my short Gateway life. I sat alone, and the rain came, and I still sat alone. Putting away all the perishable items a gloomy cloud covered my mind, as well as my soggy body. I kept the Gateway Banner out, since it was waterproof, and sat down again between the periods of rain. Suddenly I looked up and saw a smiling face, with outstretched hand, extended from underneath his raincoat. It was Ralph, from Memphis, whom I had met at the last show there. And then the rain stopped too, the gloom went away and now there were two of us. The boys finally came out and the gig was on. What a great place that Riverfront Amphitheatre was. Sleepy Monkey, Spoonful, Walkin', All Time Low, and it was jammin' and dancin' time. By set break we had picked up another sober fan, Seth, who was from Memphis, and was buddies with Ralph. The set break meeting was some of the best, heartfelt sharing, I've ever heard. We all got a little teary-eyed, along with some goose bumps, just the three of us. By the time the night had ended and the show was over, we had experience, an evening to remember, and several seeds were plated in those that happened by, that were very possible on their way to joining us if they survive. Thanks to those who put this thing together, we have something that is way bigger than we ever imagined, and by being there at all the shows, we are becoming more and more popular with the masses. I couldn't count how many thanked us, during the show. For you guys and girls that have never had the opportunity for service, I highly recommend it.
